Dear [REDACTED]

I acknowledge receipt of your email dated 25 October 2021 in which you made an access application for certain information under the *Freedom of Information Act 2016* (the FOI Act).

Your access application was expressed in the following way:

‘...I would like to see all information relating to the Pfizer, Moderna vaccine deals  
This has been deemed as sensitive and the details are not open to view, discuss  
and or debate  
Tax payer funding was used in the making of these deals  
Mandates are being placed against us, regardless of individual risk or opinion we  
are being given zero option to decide what to do with our own Health.  
The only thing we know is these companies have zero liability in the event of any  
adverse reactions  
If we are going to be forced to take a vaccine by the Government who has made  
deals with the companies who are the direct financial beneficiaries of these  
vaccines and against our right to consent, right to decide  
Then we should know all the details about what exactly has been agreed...’

This letter constitutes notice of my decision on your access application. The ombudsman has appointed me as an information officer the purposes of the FOI Act. This appointment authorises me to make this decision.
